

Parliamentary members: Adding or replacing your photo

Only for the Member concerned

1. In pace-apps, click on the thumbnail for the photo in the personal information box:

2. An import dialogue will be displayed. Click in the centre on "Choose an image"

3. Choose your photo.

Select the desired photo from your computer. You can slide the imported image around in the frame and shrink or enlarge it with the mouse wheel.

Click on ok to save the photo to your personal area.

4. Wait for validation by the Table Office

A small red clock will appear in the thumbnail over the imported image:

This will disappear after validation, and your photo will appear in your public profile.
